Re: In the Matter of Enbridge Energy Partners, L.P., *et al*,  
Docket No. CWA 1321-5-10-001

Dear Mr. Dollhopf:

The United States Environmental Protection Agency (U.S. EPA) in a letter dated June 13, 2011 and received on June 14, 2011, gave Notice of Conditional Approval of Enbridge Energy, Limited Partnership's (Enbridge) June 4, 2011 correspondence relating to the submittal of the Final Reassessment Report.

In addition, the June 13, 2011 U.S. EPA letter directed Enbridge to issue an addendum to the "Overbank and Poling Reassessment Work Plan" along with a schedule for filed implementation of the Morrow Lake assessment and for submittal of a reassessment report of findings to the by 9:00 this morning.

Enbridge believes that this directive has been fulfilled with our June 10, 2011 submittal of the Second Supplement to the Response Plan for Downstream Impacted Areas and the Source Area Response Plan (commonly referred to as the "Work Plan for Supplemental Poling in Morrow Lake"). Results of these activities and other requested content will be compiled and submitted to the U.S. EPA by 17:00 EST on June 25, 2011.

If you have any questions, please contact either John Sobojinski at 269.781.1142 or the undersigned at 715.398.4670.

Sincerely,
